BRIEF DESCRIPTION OF DUTIES

IT Systems personnel can perform three primary work roles: Technical Support, Systems Administrator, and Network Operations. IT systems technicians qualified as Technical Support manage and maintain client devices and accounts as well as routine tasks on network devices and infrastructure to troubleshoot and resolve network connectivity issues. At the intermediate and advanced proficiency levels, Systems Administrators manage and maintain server operating systems and software applications. Network Operations personnel install, support, and maintain network infrastructure devices and systems. Each role requires a unique set of skills and competencies, and IT systems personnel may specialize in one or more of these work roles depending on their expertise, interests, and the position requirements. IT systems manage and perform Warfighter Communications in all environments in support of the overall requirements to survey, secure, protect, defend, preserve, design, build, operate, and extend data, networks, net-centric capabilities, and other designated systems. This Air Force Specialty Code incorporates the use of DCWF codes to tie this specialty to the framework. The DCWF was developed by the National Institute of Standards and Technology (NIST) and the DoD to establish a common lexicon and model for all cyber work. The DCWF will universalize training and education between academia, industry, and military. It will also enable talent management by ensuring the right Airmen, for the right assignment, at the right time. DCWF work roles associated with this specialty will be listed in the Career Field Education and Training Plan (CFETP).

KNOWLEDGE, SKILLS AND ABILITIES (KSAs) REQUIRED FOR THIS POSITION:

- A. Knowledge of Air Force Instructions and governing publications commensurate to the applicable military rank.
- B. Ability to work independently and exercise a high level of organization and ability to act with professionalism.
- C. Ability to communicate unit mission, goals, and activities effectively both orally and in written communication.
- D. Knowledge or experience working with inventory management systems and/or procedures to ensure proper handling and storage of classified materials, to include inventory and destruction of Communications Security (COMSEC) aids and materials.
- E. Knowledge or experience working with communications technical data, services, and instructions to ensure compliance with applicable regulations.
- F. Knowledge or experience working with communications systems in a technical support capacity, ensuring minimal interruptions and prompt recovery of services for end-users.
