The proponent for this policy is the GAARNG Deputy Chief of Staff, Personnel G1. Questions regarding the information contained in this SOP or the EPM process should be referred to the Human Resources Actions Branch HR Tech, G-1 Sergeant Major, or the EPM Non-Commissioned Officer In Charge (NCOIC).

Chapter 2 Order of Merit Lists (OML)

2-1. Creation of Order of Merit List

- a. SSG to SGM OMLs are created based on the centralized board scores. OMLs are separated by Career progression Military Occupational Specialty (CPMOS) and ranked from highest board score to lowest board score regardless of eligibility for selection or promotion.
- b. SGT OMLs take the sum of the board score based on leadership (converted to reflect points on a 0-250 scale) plus the Soldier's administrative points (0-1200 points). OMLs are separated by CPMOS and ranked from highest overall score to lowest overall score regardless of eligibility for selection or promotion.
- c. SPC OMLs are created based on the Soldier's administrative points (0-900 points). OMLs are separated by CPMOS and ranked from highest overall score to lowest overall score regardless of eligibility for selection or promotion.
- d. Soldiers in the rank of Specialist and Sergeant can refer to Army Regulation (AR) 600-8-19 Chapter 6 Section XII to see the administrative point categories and values.

2-2. Distribution of Lists

a. Upon completion of the board and data processing, G-1, EPM team will generate an OML by ranking and MOS.

b. OMLs will be reviewed by the Chief, Human Resources Action Branch (HRAB), and G1 CSM prior to G1 approval. After the lists have been approved, they will be posted on the Guard Knowledge Online (GKO) G1 Personnel, EPS tab and EPS Forum. [GAARNG G1 Enlisted Personnel Branch](#) | [Public Forum](#) | [Microsoft Teams](#)

c. OMLs will be published NLT 14 February 2025.

d. Soldiers should review their eligibility on the EPS list when published to ensure their Time in Grade (TIG), Time in Service (TIS), Professional Military Education (PME), Army Combat Fitness Test (ACFT), Height/Weight (HT/WT), Suspension of Favorable Action (SPFA), service obligation, Medical Readiness Code (MRC) status and security clearance is reflected correctly. If there is an administrative error, Soldiers should submit supporting documentation through the chain of command via Integrated Personnel and Pay System - Army (IPPS-A) CRM Ticket to the G-1 with Naming Convention (BDE_OML Correction CY25) to ensure corrections are made.

e. These OMLs will not be used as a tool for creation of the leadership list nor the selection of Senior Enlisted Leaders.

2-3. Administrative Removal

a. When it is found that a Soldier should be removed from the promotion or selection list for administrative reasons as stated in paragraph 6-43, AR 600-8-19, the unit will submit a DA Form 4187, request for removal from EPS List (Figure 2-1), along with supporting documentation through the Major Subordinate Command (MSC) to the EPM section.

b. Soldiers requesting removal for personal reasons will complete DA Form 4187, request removal from EPS list for personal reasons.

c. The MSC will forward the Administrative Removal Request to the G-1 through IPPS-A via CRM case. The description will be annotated as "Administrative Removal from EPS List, MSC name." Example: Administrative Removal from EPS List, 78th TC. If approved, the G-1 will remove the Soldier from the list and update the OML.

d. Removal from the EPS list for Soldiers already selected for promotion nullifies their selection. The EPM section will be responsible for assigning the Soldier into a position that is commensurate to their rank.

2-4. Command Initiated Removal

a. When a Commander elects to remove a Soldier from the promotion or selection list for reasons stated in paragraph 6-44, AR 600-8-19, the Commander must submit a recommendation for removal through the chain of command to the G1.

b. Unit will prepare a DA Form 4187 (Figure 2-1) requesting removal. The unit will include a memorandum of justification and any necessary supporting documentation with the DA FORM 4187. The request will be submitted to the G1 through IPPS-A via CRM case.

c. Unit will initiate an IPPS-A CRM case with supporting documents and route to command channels to EPM. Units will use the following naming convention in the CRM description: "Command Initiated Removal from EPS List, MSC name." Example: Command Initiated Removal from EPS List, 648th MEB. (Refer to IPPS-A Manual).

d. If approved, the G-1 will remove the Soldier from the list and update the OML. Approval authority for Command initiated removal is as follows:

(1) Command initiated removal for SPC, CPL and SGT: Commander in the rank of Lieutenant Colonel.

(2) Command initiated removal for SSG and SFC: Commander in the rank of Colonel (Chief of Staff for Joint Force Headquarters (JFHQ) and the G1 for R&R).

(3) Command initiated removal for MSG and Leadership Positions: GAARNG, Commanding General.

(4) Approval authority for Command initiated removal cannot be delegated.

(5) The Adjutant General (TAG) is the appeal authority for all ranks.

e. Removal from the EPS list for Soldiers already selected for promotion nullifies their selection. The EPM section will be responsible for assigning the Soldier into a position that is commensurate to their rank.

2-5. Updates to the Order of Merit List

Updates and administrative corrections will be posted to the OML monthly.

Refer to Figure 2-2 for EPS list locations.

Chapter 3

Using the Order of Merit List

Section I

Filling Position Vacancies

3-1. Personnel Reassignments

Personnel Reassignments. Commanders will fill unit Non-Commissioned Officer (NCO) vacancies utilizing the sequence listed in Chapter 4, National Guard Regulation (NGR) 600-200 and AR 600-8-19 paragraph 6-38 before requesting Soldiers from promotion lists.

3-2. Vacancy Fill Process

Vacancy fills will be conducted at least three times a year to include back fills to stabilize units across the organization using the digital system Personnel Action Request Creating Operational Readiness (PARCOR). PARCOR will track enlisted Soldiers, promotion eligibility per policy and regulations, allowing creation of vacancy fill events, offer quick note functionality, for decision making, and providing status tracking for leadership. The vacancy fill process will consist in order of Unit Manning Report (UMR) Management workshop, priority placement, transfer of Soldiers excess in their current position, OML fill and request to fill 00F/D positions.

3-3. Request for Fill

The EPM Team will monitor the vacancy report utilizing PARCOR and MSC S-1s will annotate remarks for each excess Soldier and vacant position for each vacancy fill. All timelines with suspense dates will be published via Memorandum of Instruction (MOI).

a. Excess Soldiers, not including E9, will be eligible for transfer to a vacant slot that is within a 50-mile radius of their home of record (HOR), closer to their HOR than current assignment, or within their same UIC unless there is a reason not to move the Soldier. The comment "Do not Move" along with the specific reason will be annotated in PARCOR on the remarks column for NCOs who should not be moved. In addition, Soldiers on the excess report who are assigned in an over-grade or under-grade position will be considered excess (i.e., an E6 assigned to an E5 position without a valid reason or an E5 assigned to an E6 position who has not been selected for promotion).

b. MSCs will identify excess NCOs to fill vacancies within their MSC.

c. For each vacancy that will not be filled, MSC S-1s will add a comment explaining why vacancies will not be filled (i.e. AGR Position, IST Incoming, etc.).

e. The G-1 is the approval authority for "do not move" and/or "do not fill" request.

d. NCO assignment changes will not be authorized during the vacancy fill period. Refer to the MOI for specific dates when transactions will cease and resume.

3-4. UMR Management

The first stage of filling approved vacancies is the UMR Management Workshop. The G-1 will provide a designated room to allow MSCs to scrub their completed vacancy/excess rosters and NCO mismatch report. This will consist of executing excess moves internally/externally to ensure remarks were annotated correctly for each Soldier.

3-5. Priority Placement/Excess Fill

a. The second stage of filling approved vacancies is the priority placement/excess fill. All vacancies will be compared against the priority placement list and the excess Soldier list. If an available Soldier exists on either list, that Soldier will be transferred into the vacant position.

b. The Priority Placement list consists of Soldiers who were promoted against an invalid vacancy and are not the primary slot holders for a position of the commensurate rank. These Soldiers are eligible for involuntary reassignment based on their Primary Military Occupational Specialty (PMOS) within their area of consideration (AOC) (Figure 3-1) specified on their Promotion Board Preferences when selected for promotion.

c. The excess Soldier list consists of all Soldiers within the state that are not slotted in an authorized position as annotated on the unit manning roster and those Soldiers who are assigned in an over-grade or under-grade position. These Soldiers are excess and available for involuntary reassignment IAW paragraph 3-3a above.

3-6. EPS Vacancy Fill

a. During the third stage, if there are no eligible Soldiers on the priority placement or excess lists, the position will be available for EPS fill. PARCOR will identify the highest ranked Soldier on the OML who is fully eligible and available for selection. Eligibility is verified against the systems of record. Soldiers' ineligible in the system of record, will be bypassed for selection.

b. Selection Requirements

- (1) Must be MOS Qualified
- (2) Must have required security clearance for specified rank and MOS
- (3) Must have a passing ACFT within 8 months (AGR)/14 months (MDAY)
- (4) Must have a passing Height/Weight within 8 months
- (5) Must not be Medical Readiness Code (MRC) 4

Table 2-1 EPS Eligibility Criteria

| Rank | TIG | TIS | CES | PME |
|------|-----------|----------|----------|------|
| SGT | 12 months | NA | NA | NA |
| SSG | 18 months | NA | NA | BLC |
| SFC | 36 months | 8 years | 6 years | ALC |
| MSG | 36 months | 12 years | 8 years | SLC |
| SGM | 36 months | 16 years | 10 years | MLC* |

c. Pregnancy/Post-partum Requirements:

Soldiers will need to obtain a pregnancy profile determining the start date of exemption from ACFT/HTWT. Soldiers must have a passing ACFT/HTWT prior to profile. IAW with Army Directive 2022-06 Soldiers are exempt from taking a record physical fitness test while pregnant and for 365 days after the conclusion of pregnancy. Soldiers are also exempt from body composition for 365 days after the conclusion of pregnancy. They will not be penalized for selection of promotion. EPM

Team will monitor MEDPROS at each vacancy fill to ensure Soldiers are not being bypassed for pregnancy profiles.

d. Systems of Record

- (1) MOS Qualified: Based on CPMOS, verified through IPPS-A
- (2) PME Qualification: IPPS-A
- (3) Security Clearance: Defense Information System for Security (DISS)
- (4) ACFT: Digital Training Management System (DTMS)
- (5) Height/Weight: DTMS
- (6) MRC: MODS
- (7) TIG: IPPS-A
- (8) TIS: IPPS-A
- (9) Technician Compatibility: Human Resource Office (HRO)

3-7. Prioritization of Fill

Vacancies will be prioritized based on the unit's position on the State Logistic Personnel Prioritization Roster (SLPPR) which is produced quarterly by the G-3 and approved by the CG, GAARNG. Units with a higher priority will have their vacancies filled prior to units with a lower prioritization. Vacancies will be filled in a manner to ensure the highest ranked Soldiers on the OML eligible for selection are selected if there is a position within their area of consideration. As a result, the highest ranked Soldier on the OML may not be assigned to the highest priority vacancy on the SLPPR.

3-8. Post Vacancy Fill

Following the vacancy fill, official results will be submitted to the MSC S-1s. EPM will initiate reassignment transfers and if eligible, promote the Soldier via IPPS-A. Transfers will begin the day after official results are published. EPM will publish all promotion orders. The effective date of transfer and Date of Rank (DOR) for Soldiers fully eligible for promotion will be the day the official vacancy fill results are published by the EPM section. Soldiers will be attached to their losing units for 45 days allowing for Change of Rater (COR)/Annual NCOERs, clearing supply, and Promotion Ceremonies.

3-9. Promotion Remaining Service Obligation

For Soldiers who were not fully eligible for promotion (lacking Service Remaining Obligation, AR 600-8-19 para 6-8) at the time of selection will be required to extend within 45 days after the results are published. If an extension is not received after 90 days Soldiers are required to submit a DA FORM 4187 requesting administrative removal. The EPM section will be responsible for assigning the Soldier into a position that is commensurate to their rank (This does not pertain to AGR New Hires or E9s pending USASMA Phase 1). The effective date of promotion will be the date the Soldier gained full promotion eligibility.

3-10. Bypassed Soldiers

a. EPM will not promote or select a Soldier who was ineligible for selection during a vacancy fill because the system of record was not updated, which resulted in a Soldier lower on the OML being selected for promotion. However, on a case-by-case basis, MSCs can request exceptions to policy (ETP) for Soldiers who were bypassed. These ETPs will be reviewed and approved by the G1. Units will submit a DA FORM 4187 (Figure 3-2) through their chain of command to the EPM section explaining why the Soldier's eligibility criteria was not updated in the system of record prior to the vacancy fill. The MSC will forward the DA FORM 4187 and counseling form (if applicable) to the G-1, EPM section through IPPS-A (see IPPS-A Manual).

b. Soldiers fully eligible for promotion in the system of record on the date of the vacancy fill and erroneously bypassed by EPM will be selected and placed on the Priority Placement List.

c. Soldiers with an MOS requiring a security clearance will be bypassed unless they acquire the necessary clearance within 120-days of their clearance expiration date.

3-11. Erroneously Selected Soldiers

Soldiers that were erroneously selected because of incorrect information in the required system of record will be administratively reduced to their former grade and reassigned to a position commensurate with their grade within commuting distance when possible.

3-12. Non-standard EPS Vacancy Fills

IAW NGR 600-200, National Guard Bureau (NGB) authorizes processes to fill higher grade positions outside the standard EPS procedures announced in AR 600-8-19, chapter 6. During the last vacancy fill of the cycle, after Priority Placement/Excess Fill and EPS Vacancy Fill. If a MOS list is exhausted (all Soldiers within the CPMOS have been selected or none are available or eligible) the following priority may be utilized:

a. Using the existing list in sequential order, offer vacancies to those Soldiers originally bypassed because of their area of consideration elections on the Promotion Board Preference.

b. Using the entire existing promotion list in sequential order, offer vacancies in order as they appear to those Soldiers who hold the vacancy MOS as a secondary (SMOS) or alternate (AMOS) within IPPS-A. Soldiers will not be considered for an MOS they possess that is not listed as an SMOS or AMOS within IPPS-A. Soldiers will not be bypassed based on the area of consideration elections on the Promotion Board Preferences.

c. There will be no Statewide Vacancy Announcement (SWVA) fill conducted during EPS cycle year 2025.

3-13. Declination Procedures

a. M-Day Soldiers selected for a position outside of their elected AOC or MOS, may decline without penalty. The Soldier will submit a CRM ticket to the EPM Team via IPPS-A within 14 days of the results being published explaining the reason for declination. Naming convention CY25Declination_MSC_EMPLID.

b. Soldiers must decline selection or promotion, using CRM ticket via IPPS-A with a signed declination form (Figure 3-3), NLT 14 days after the official vacancy fill has been published. They will not be reinstated on the list under any circumstances and will not be eligible for consideration until the next scheduled annual promotion board. Per AR 600-8-19 para 6-41 (d).

c. If outside of the 14-day requirement Soldiers are required to submit a DA Form 4187 requesting administrative removal.

d. IAW AR 600-8-19 para 6-41 (c), AGR Soldiers are not authorized to decline promotions.

3-14. Hardship Requests (AGR and M-Day)

a. Soldiers who decline due to hardship must submit a CRM ticket with a naming convention: Hardship Request, MSC name (Example Hardship Request, 648th MEB) (Figure 3-4) through channels to the EPM office with supporting documentation. Hardship is not in effect until the final G1 Approval.

b. If approved, the Soldier will remain on the current and future promotion list but will not be eligible for selection or promotion until the hardship no longer exists.

c. Soldiers will submit a CRM ticket to remove hardship (Figure 3-5) when the hardship no longer exists. Once approved the Soldier will be considered eligible for selection and or promotion.

d. For AGR Soldiers, Hardship Requests are submitted through HRO to the Chief of Staff for approval.

3-15. Stabilization upon Promotion

a. Soldiers will not be voluntarily transferred for 18 months following the effective date of selection, IAW AR 600-8-19 paragraph 6-39. The 18-month rule does not prohibit a MSG or SGM from seeking or being approved for a 1SG or CSM command leadership position. Exception in AR 600-8-19 paragraph 6-39g.

b. The G1 may waive the requirements of this paragraph for the needs of the Organization.

c. Stabilization will not stop a Soldier's career progression and does not prohibit a Command directed transfer.

3-16. Standby Advisory Board (STAB)

a. STAB will be conducted once each EPS cycle on dates specified in the annual Memorandum of Instruction (MOI).

b. Requests for STAB (Figure 3-6) will be conducted IAW AR 600-8-19, paragraph 6-48. STAB requests will be submitted via IPPS-A CRM Ticket through command channels with supporting documentation to the G1 consideration.

c. Only Soldiers who would have been eligible per the original eligibility roster announcement as of 1 October 2024 may be considered.

d. STABs are convened to consider the records of Soldiers:

(1) Who are eligible per the original promotion board announcement and because of a material error, records were not reviewed by the regular board. This would include erroneous TIG and/or erroneous TIS.

(2) Who are on the EPS list and whose records contained a material error that may have negatively impacted a Soldier's OML status.

(3) Who inter-State transferred from another Army National Guard (ARNG) State after 1 October 2024 and were fully eligible for consideration prior to 1 October 2024.

e. STAB reconsideration normally will be granted when the following conditions existed by 1 October 2024.

(1) Derogatory Information. Information that was filed erroneously in a Soldier's record that was viewed by the board members.

(2) Civilian Education. A record of 30 or more college semester hours. Degrees and transcripts must have been filed after 1 July 2024.

(3) Awards. State or Federal Commendation Medal or higher presented after 1 July 2024. Awards presented prior to 1 July 2024 and AAMs do not constitute reconsideration by the STAB.

(4) NCOER. An annual or change of rater NCOER that was submitted prior to 1 October 2024 through HQDA, not placed in Individual Personnel Electronic Records System (iPERMS), and not reviewed by the board members. Evaluations received in time but returned for administrative reasons may also be considered. "Complete the Record" NCOERs and NCOERs submitted after 1 October 2024 do not constitute reconsideration by the STAB.

(5) CPMOS. Soldiers must have been qualified in requested CPMOS change via DA Form 4187 with G1 Approval before 1 October 2024.

(6) AOC. Areas of consideration that administratively were incorrect at time of list publication. Soldiers must have made elections prior to 1 October 2024.

f. AR 600-8-19 paragraph 6-48j. contains additional information on what does and does not qualify for consideration by the STAB.

g. The suspense for STAB request packets will be specified in the MOI.

h. STAB request packets will be submitted via IPPS-A by submitted via CRM ticket as "STAB Packet, MSC name, EMPLID." Example: STAB Packet, 648th MEB, EMPLID. (Refer to How to CRM Ticket on EPS forum).

i. STABs will not be approved for integration onto the Leadership List unless at no fault of the Soldier prior to 1 October 2024.

Section II Positions with Special Qualifications

3-17. Additional Skill Identifiers (ASI)

Additional Skill Identifiers (ASI). IAW AR 600-8-19, paragraph 6-38, Soldiers are considered for selection to position requiring specific ASIs, SQIs and language identification codes without regard to SQI, ASI, and language identification code of the position. Only Soldiers with the necessary ASI/SQI will be considered for approved ASI and SQI positions.

3-18. MOS Immaterial Positions (00F/00D)

a. When a request for vacancy fill is requested for a position that is MOS immaterial, EPM will fill the vacancy with the highest ranked Soldier possessing one of the approved MOSs for that position. This provides flexibility for job specific skills based on duty description while ensuring the highest ranked Soldier is selected from the chosen list of MOSs on the OML.

b. IAW NGR 600-200, para 2-21C, in the event there is no submission of duty description and MOS consideration list submitted to EPM prior to the specified BDE EPS submission date, selection for a qualified vacancy will be the highest ranked Soldier on the OML among all MOSs regardless of applicability to the specific vacant position.

3-19. 68WF (E-5 to E-6) Critical Care Flight Paramedics (CCFP) Over-Grade

a. IAW PPOM# 23-004, Authorization to Promote 68WF (E-5 to E-6) Critical Care Flight Paramedics (CCFP) Over-Grade.

b. In order to qualify for over-grade promotion, Soldiers must meet the condition of AR 600-8-19 (specifically (1)-(4) below) and also requirements as set forth in (5):

(1) Soldier must be in a promotable status

(2) Have a promotion list standing

(3) Graduate of Advanced Leader Course or granted temporary exception per reference PPOM 23-004.

(4) Qualified in military occupation specialty for the duty position in which assigned and promoted

(5) Be Special Qualification Identifier (SQI)/ASI qualified for the duty position. Soldiers who are not fully ASI F2 transitioned with annotation in the system of record will not be considered for an over-grade promotion.

3-20. Recruiting Positions

a. Recruiter positions are MOS 79T, and only Soldiers from the 79T OML will be considered for promotion into these positions. Soldiers who are recruiter qualified, Special Qualifications Identifier (SQI) 4, but do not hold the 79T MOS are authorized to submit a CPMOS change request to compete on the 79T OML. CPMOS change requests to 79T require approval by the Recruiting and Retention Battalion Commander prior to G1 approval.

b. SSG/00F30 recruiting positions: Soldiers who are not on the 79T EPS List will be offered the position. Soldiers will not lose their position on the EPS List for their CPMOS by declining a recruiter position.

3-21. Security Force Assistance Battalion (SFAB)

a. The SFAB will fill vacant positions IAW with Chapter 3 of this SOP.

b. Soldiers should make SFAB selection on Board Roster elections.

c. SFAB will not submit E7 vacancies. SQIs not required to be used for vacancy fills.

d. Soldiers selected for SFAB that become disqualified during the processing will be moved to excess and placed on the priority placement list per Chapter 3.

e. Once SFAB vacancies are filled by duty MOS the EPM team will then fill based upon MOS substitutions in OML order from MILPER message 24-085.

3-22. Instructor Positions

a. Service members must already be awarded the SQI of "8" to perform instructor duties prior to each EPS fill to be considered for promotion.

b. All Soldiers who are authorized the SQI "8" will be verified and awarded the SQI in IPPS-A prior to every EPS fill.

3-23. Flight Positions

a. Service members must already be awarded the SQI of "F" to perform flight duties prior to each EPS fill to be considered for promotion.

b. All Soldiers who are authorized the SQI "F" will be verified and awarded the SQI in IPPS-A prior to every EPS fill.

3-24. Special MOS Alignment Promotion Program (SMAPP) for 25D and 25E

a. IAW Personnel Policy Operational Memorandum (PPOM) #19-037, Integration of Special MOS Alignment Promotion Program for MOS 25D and 25E.

b. GAARNG Soldiers may be promoted from Sergeant (SGT) to Staff Sergeant (SSG) upon completion of the Cyber Network Defender (25D) or Electromagnetic Spectrum Manager (25E) courses. Listed are additional instructions of the promotion order:

(1) Must be a Sergeant.

(2) Soldier must be on a current promotion list.

(3) Soldier must be serving in a 25E or 25D duty position.

(4) Soldier must meet all qualifications for selection to E6.

c. Soldiers without Advanced Leaders Course (ALC) credit must complete school pre-reqs before attending 25E or 25D MOS reclassification training. The 25E or 25D course is approved as the resident phase ALC equivalent for the MOS.

d. Soldiers not on a current promotion list upon completion of the 25E or 25D course must wait until boarded by the next regularly scheduled board or through supplemental board procedures authorized by AR 600-8-19. Soldiers that meet the zone of consideration on the next board and populate on the promotion list may be promoted.
